Forecast For Tayside, Central & Fife
Issued by Met Office Aberdeen
at 0400 on Monday 24 May 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Mostly cloudy with occasionally heavy rain.

Today:
A wet start with persistent and occasionally heavy rain, especially across Angus and Tayside, the rain tending to become lighter and more occasional this morning. Remaining cloudy this afternoon with further outbreaks of occasionally heavy rain. Maximum temperature 14 deg C (57 deg F).

Tonight:
Rain turns more showery this evening with, especially in west, some late sunny spells developing. Clear spells and further showers overnight, these occasionally heavy in north and east. Minimum temperature 4 deg C (39 deg F).

Tuesday:
Bright with some sunny spells but also occasionally heavy showers, these may merge to give some longer spells of rain at times in east. The showers becoming less frequent later. Maximum temperature 14 deg C (57 deg F).

Outlook for Wednesday to Friday:
Rather cloudy start Wednesday but becoming brighter with a few showers. Thursday looks dry with sunny spells but after a bright morning Friday, cloud and patchy light rain spreads east.
